

I Can't Afford Pet Food or Supplies

This program is to assist the public and help reduce the number of animals brought to the shelter. If you are unable to afford pet food or supplies (cat litter, etc.), please contact the shelter. Throughout the year, Animal Care and Enforcement receives various food and/or supplies that we are unable to use or distribute quickly enough. These items are available to those in need to help ease the cost of caring for your pet in a difficult situation. Visit the shelter to check availability. If quantities are limited or unavailable, Animal Care and Enforcement can help contact other agencies to assist in finding food or assistance.
