Stormwater Control
Application Process

All land disturbing activities that uncovers more than one (1) acre are required to submit a Stormwater Control Plan for review at least thirty (45) days prior to project initiation to:

Gaston County Natural Resources Department
1303 Cherryville Hwy
Dallas NC 28034

WHAT IS NEEDED:

- 2 sets of blueprints
- 1 set of calculations
- 1 Financial Responsibility/Ownership Form (Signed and notarized)
- 1 completed Checklist Form
- 1 Electronic file of the stormwater plan that is readable by GIS systems, geo-referenced to the NC State Plane 1983 (Feet)
- 1 As-built plan of all stormwater control and management plans showing the field location, size, depth, and planted vegetation of all measures and devices as installed.
- 1 Operations Manual
- 1 Maintenance Manual

And

A Surety Performance Bond for total construction costs of the system and devices approved under the permit plus 25%.

PAYMENTS:

Payments should be made by check or money order to: Gaston County

FEES:

\$350 non-refundable plan review processing fee for each acre of disturbed land or any part of an acre of disturbed land (including off-site borrow and waste areas). No processing fee will be charged for a revised plan unless the revised plan contains an increase in the number of acres to be disturbed.

Example: 1.0 acre = \$350.00

1.1 acre = \$700.00
